Region C & E

City Power attends to three active power outages

Currently City Power technicians are attending to three active unplanned power interruptions in region C and E of the City of Johannesburg.

All of these power failures happened between 19h00 and 21h00 last night.

In Region C Roodepoort, power failure occurred at Jan Smuts switching station as a result of a cable fault. The following areas are affected:

- Florida Park
- Florida Hills and
- Florida

In Tshepiso which forms part of Region C, line B distributor has tripped causing power loss in the same area.

In Region E, Lombardy East and Bramley View are also experiencing power outage as a result of a cable fault.

City Power contract workers are on site attending to all of the aforesaid power outages.

As the supply may be restored at anytime, customers are urged to treat their electricity supply points as live at all times

City Power will keep customers updated of a progress in power restoration via twitter handle: @CityPowerJhb
